

Performer Series

Craftine Acoustic Guitars encompass the very essence of acoustic guitar tone. The Solid Sitka Spruce Top and Mahogany back and sides deliver a beautiful rounded tone with warm lows and sparkly highs. The bracing and construction of Craftine Guitars ensure that they respond to all levels of dynamics in terms of playing style allowing for greater levels of expression whatever the style of music to be played. The choice of dreadnought or jumbo, with or without a cutaway allows each musician to find the most comfortable instrument to suit their playing style without compromising on tone.
